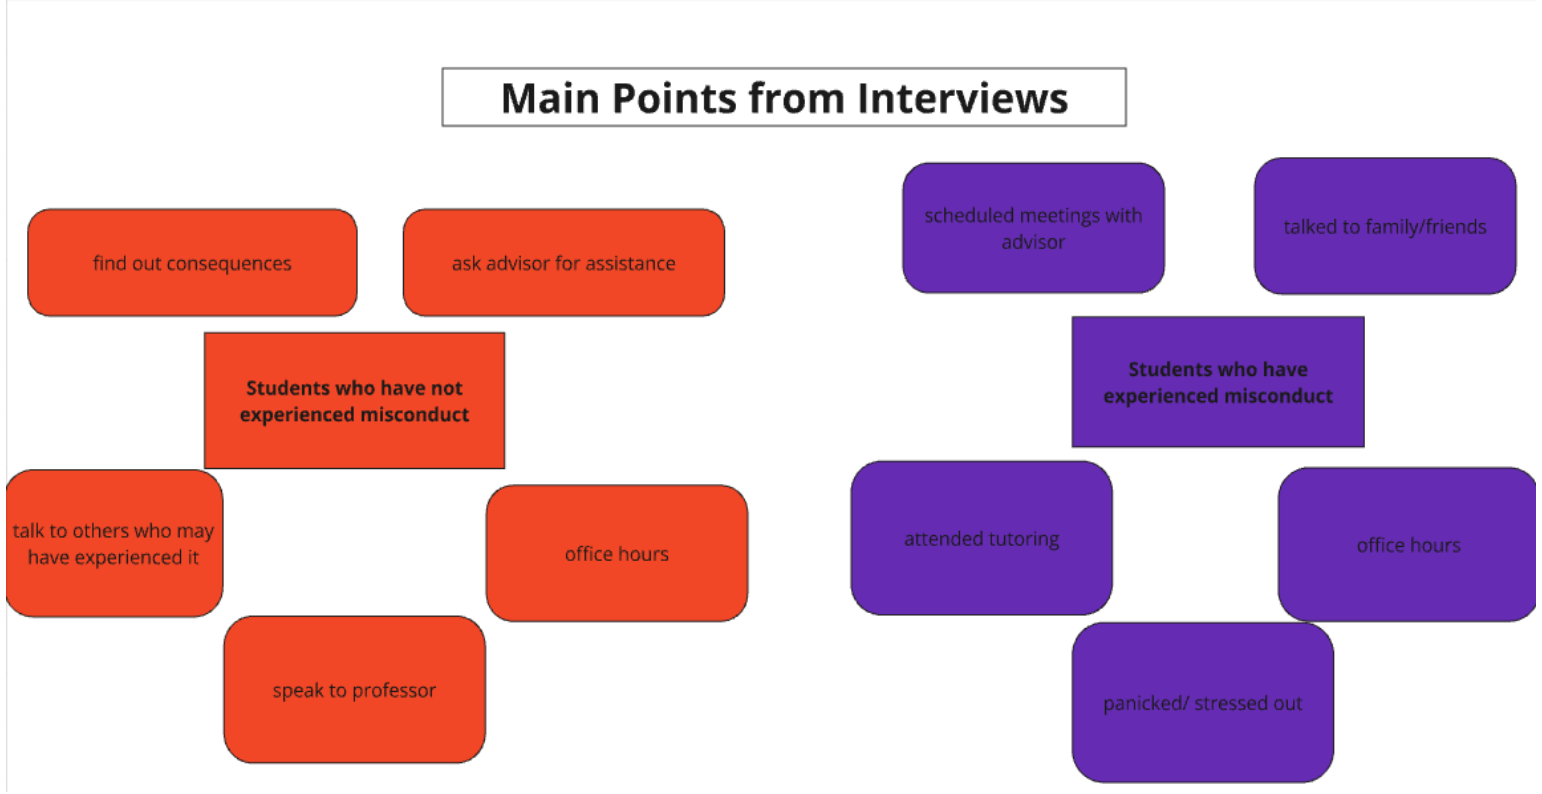
Conduct Connect

Olamide Akinseye, Da'Sheala Walton, Peter Tchuisse, MyKayla Williams

Themes from Affinity Diagram



- We discovered that some common themes were:
  - talking to others about the experience
  - speaking to advisors/ professors
  - attending office hours
- Based on these themes, we devised a UI that is capable of satisfying all common themes presented.

Persona 1
Destiny

NAME	Destiny
AGE	21
EDUCATION	Bachelors in Marketing
STATUS	Single
OCCUPATION	Full-time student
LOCATION	Bloomington, IN

> I was scared but determined to do better and attended office hours and tutoring sessions.

Personality

Resilient · Hardworking · Spender · Empathetic

Bio

Destiny is a 21 year old sophomore at Indiana University, and is currently Community Health. After experiencing academic misconduct, she faced fear and uncertainty but turned her setback into motivation. Through office hours and tutoring, she improved her performance and now strives to help others navigate similar challenges.

Core Needs & Challenges

- Needs better understanding of academic policies and support systems.
- Struggles with fear of failure and needs reassurance to rebuild confidence.
- Balancing coursework and improvement efforts remains a challenge.

Behaviors

- Tends to overthink mistakes and worries about long-term consequences.
- Actively looks for resources on academic policies to avoid repeating mistakes.
- Opens up to peers and mentors for advice and reassurance.

Persona 2

Trey

NAME	Trey
AGE	21
EDUCATION	Bachelors in Community Health
STATUS	Single
OCCUPATION	Full-Time Student
LOCATION	Bloomington, IN

> Sometimes, it feels like professors don't realize how much we have on our plates

Personality

Friendly | Adaptable | Procrastinator | Ambitious

Bio

Trey is an 18 year old freshman at Indiana University, and is currently Business. Trey is a motivated yet overwhelmed student who juggles a full course load, a part-time job, and an active social life. Coming from a family that values success, he feels immense pressure to maintain a high GPA, even when coursework feels unmanageable.

Core needs

- Fair and Supportive Academic Environment – Trey wants a learning environment where professors and peers support honest work rather than pushing students into desperate situations.
- Ethical Decision-Making Support – Trey needs guidance on handling peer pressure or situations where academic misconduct seems like the only option.
- Clear Understanding of Academic Integrity Policies – Trey needs easy-to-understand guidelines about what constitutes academic misconduct.

Frustrations

- Wants to succeed but feels like the system values grades over learning.
- Knows academic misconduct is wrong but sometimes justifies it to himself.
- Feels like there's never enough time to complete everything properly.

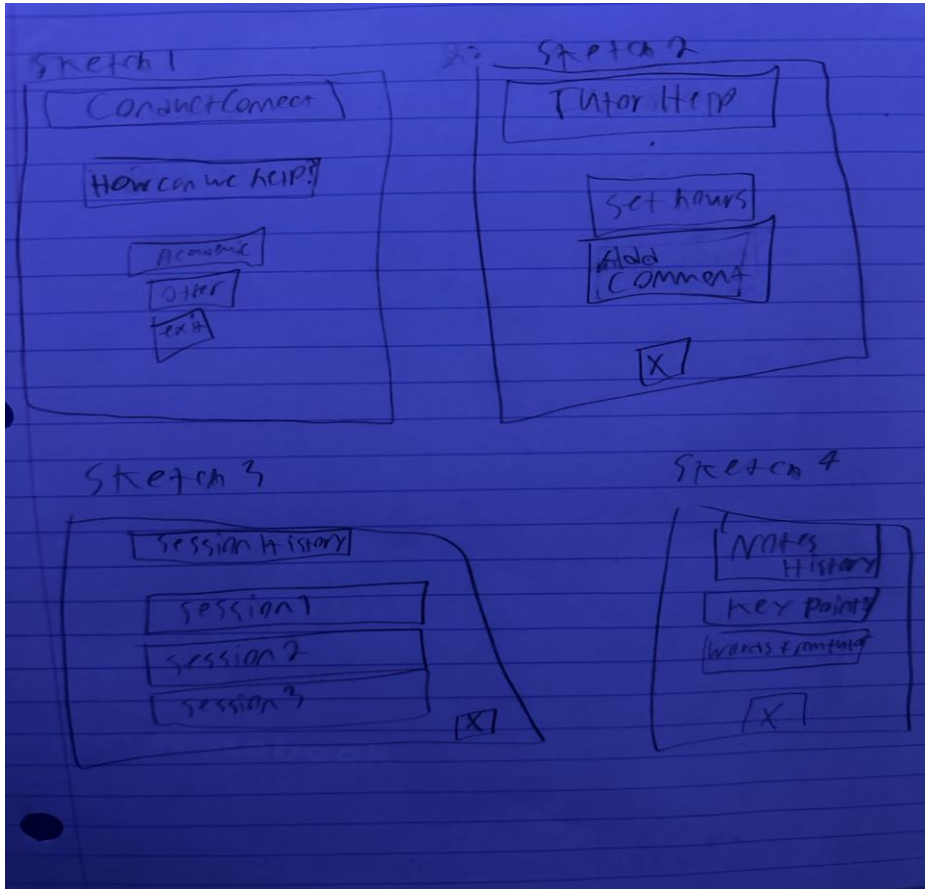
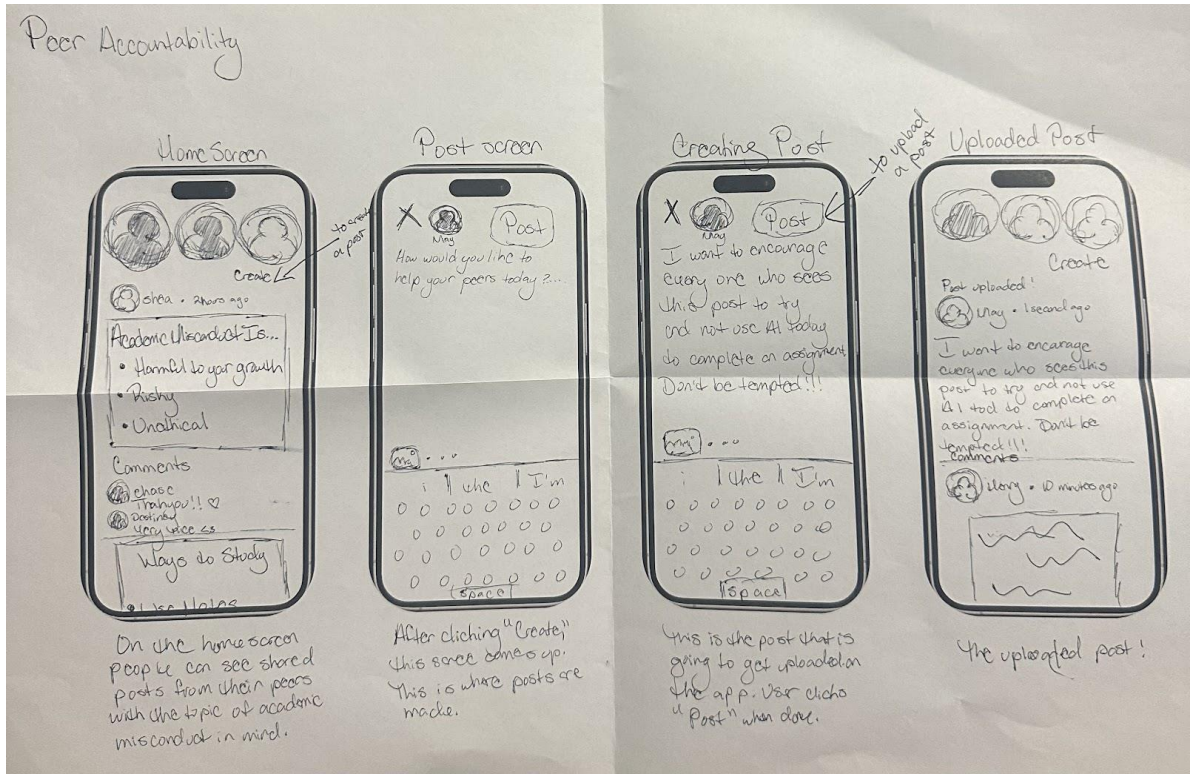
Initial Sketches 1.0

Initial Sketch (Peter)



- Sketch one shows home screen with choices on what you want to do
- Sketch two shows tutor help and satisfies one of our themes, with tutor help you can set a time where you can meet with a tutor or professor
- Sketch three shows session history, allowing you to view previous sessions with tutors, advisors or professors, and gives you key takeaways from the meeting
- Sketch four includes a notes history which highlights important things to remember from all meetings
- Attempted to come with a simpler approach with little settings and design to make the app clustered

Initial Sketch (Da'Sheala)

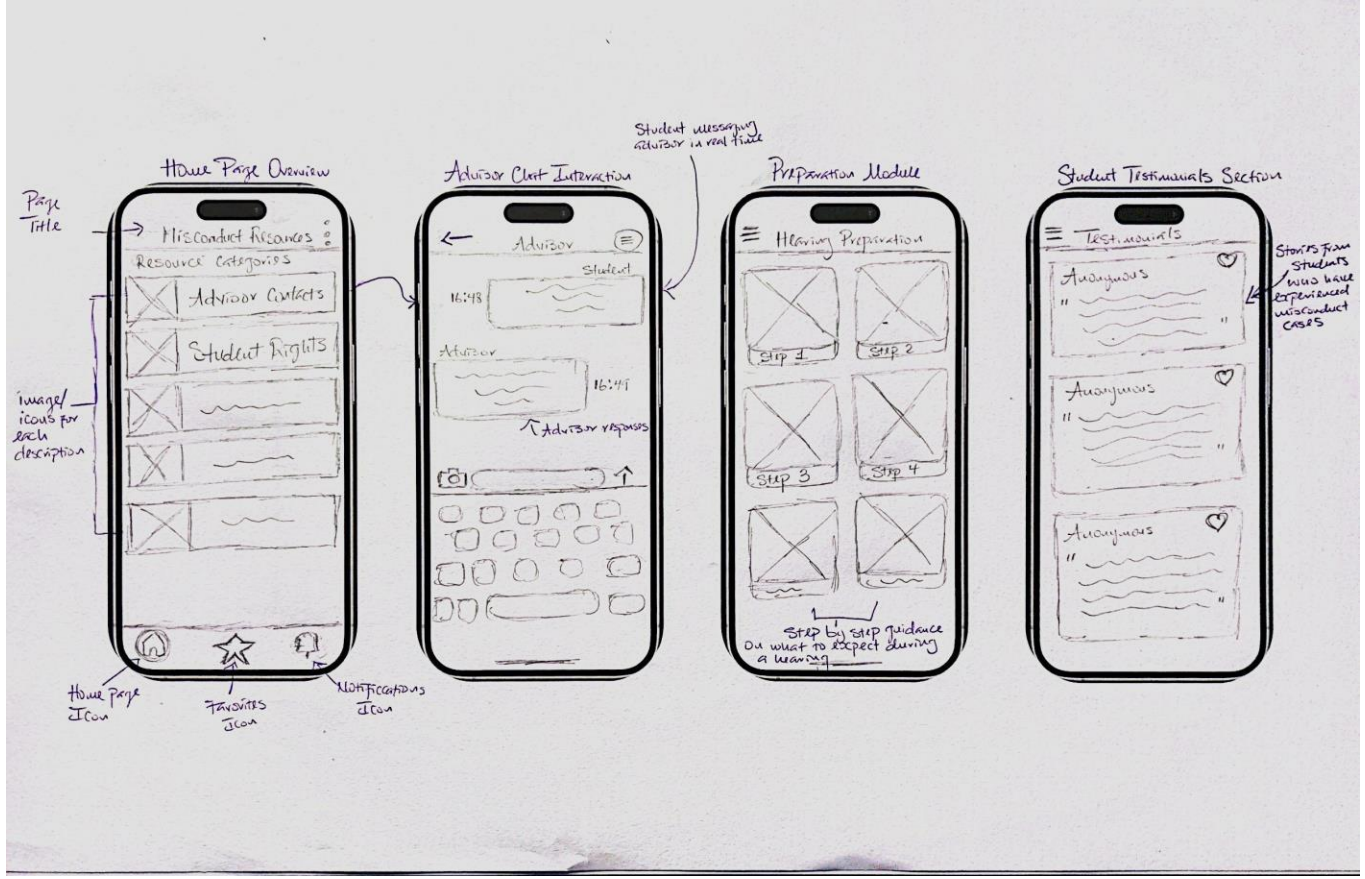


This social media app helps students connect and support each other by sharing tips to avoid cheating, promoting good study habits, and explaining academic misconduct. Its goal is to encourage peer accountability and provide a safe space for mentorship, early help, and motivation.

Initial Sketch (Peace)

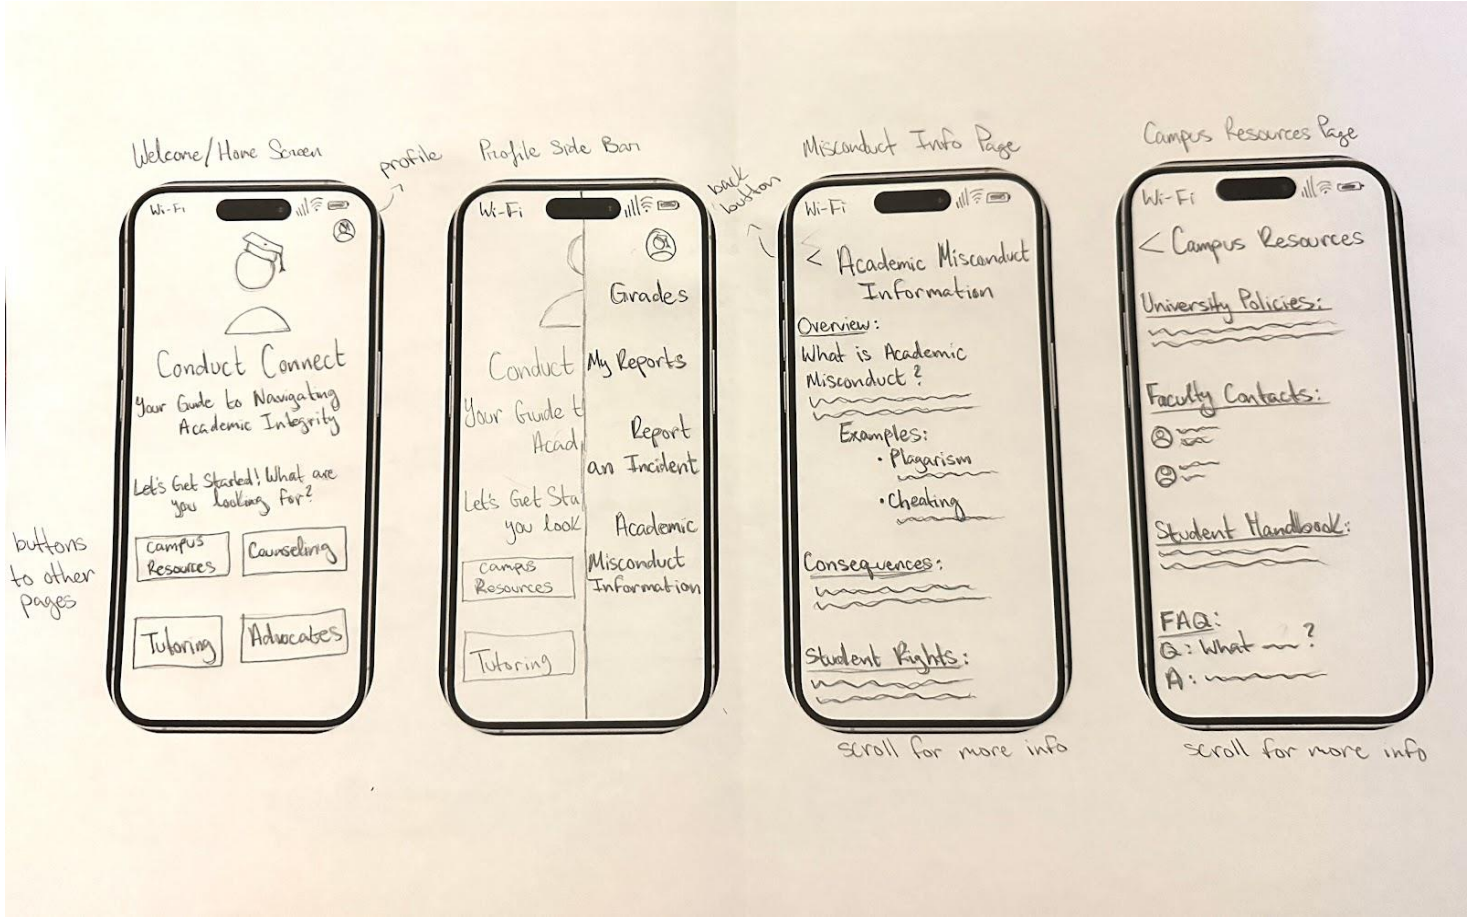
- Sketch 1 is the home page, showing the other accessible tabs.
- Sketch 2 is the chatbot page, an AI chatbot that can answer any question students may have.
- Sketch 3 is the student advocate page, with questions and answers.
- Sketch 4 is the page that has all the IU academic conduct policies.

Initial Sketch (Lammy)



The Misconduct Support Hub includes three key sections: the Home Page & Resources Overview, which highlights hearing preparation, advisor contacts, and student rights; the Advisor Chat & Student Guidance, offering real-time support with sample questions and responses; and Hearing Preparation & Testimonials, providing step-by-step hearing guidance along with real student testimonials for reassurance.

Initial Sketch (MyKayla)

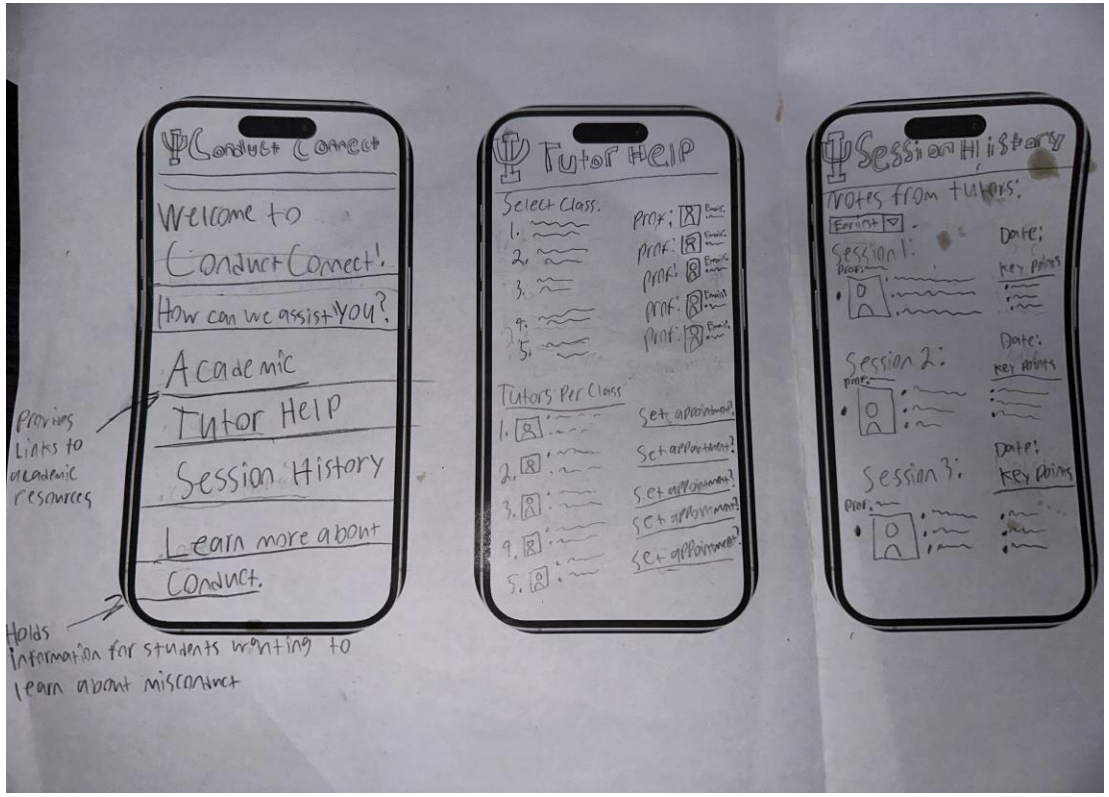


An app that is aimed to help students take control of their academic journey, make informed decisions, and successfully overcome challenges related to academic integrity.

- A home screen with buttons to quickly access main resources
- A profile side bar with more with links to more info
- A page providing info on academic misconduct
- A page providing info on campus resources

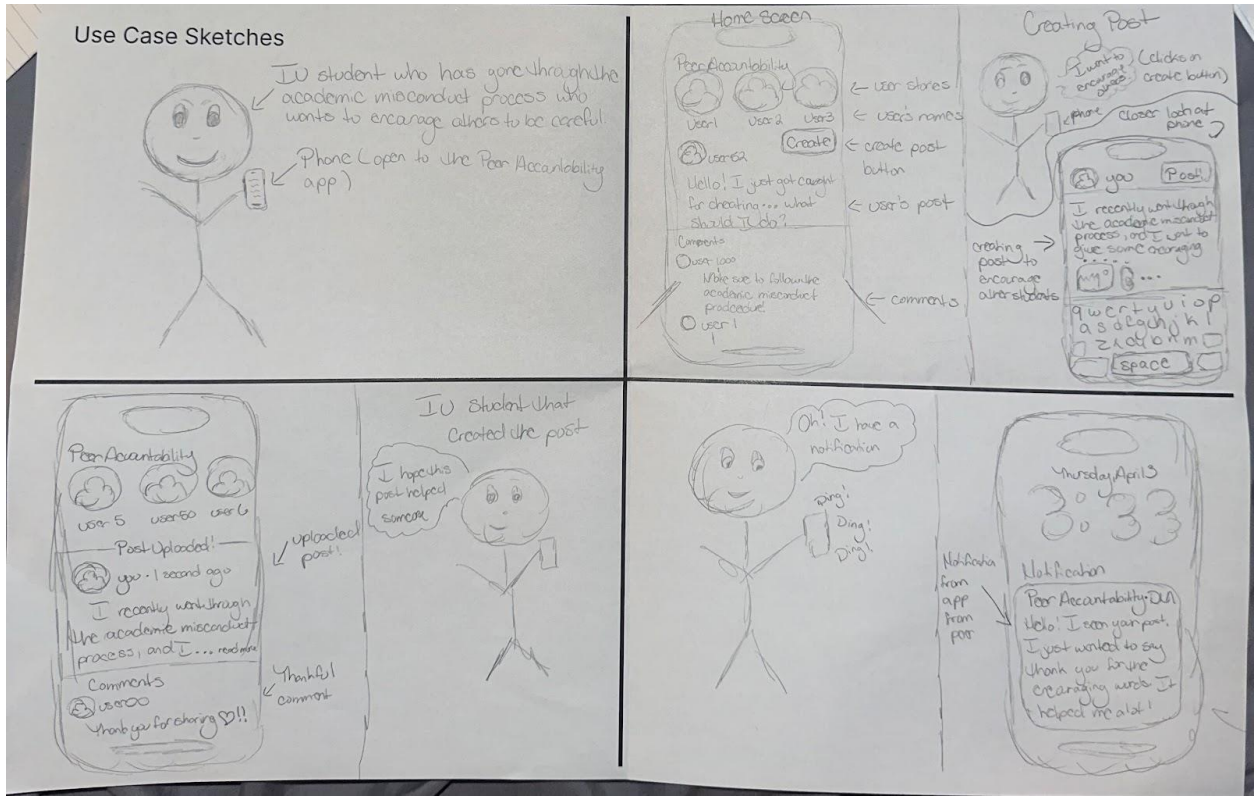
Initial Sketches 2.0

Sketches 2.0 (Peter)



- Here I really wanted to narrow down on UI interface changes, and access to help for students who have and have not experienced misconduct
- Added a "Learn more about misconduct" section for those who have not experienced it
- I also added professor name and email in case the student would like to contact them
- Also added a "Key Points" feature on session history to summarize what the student needs to know.

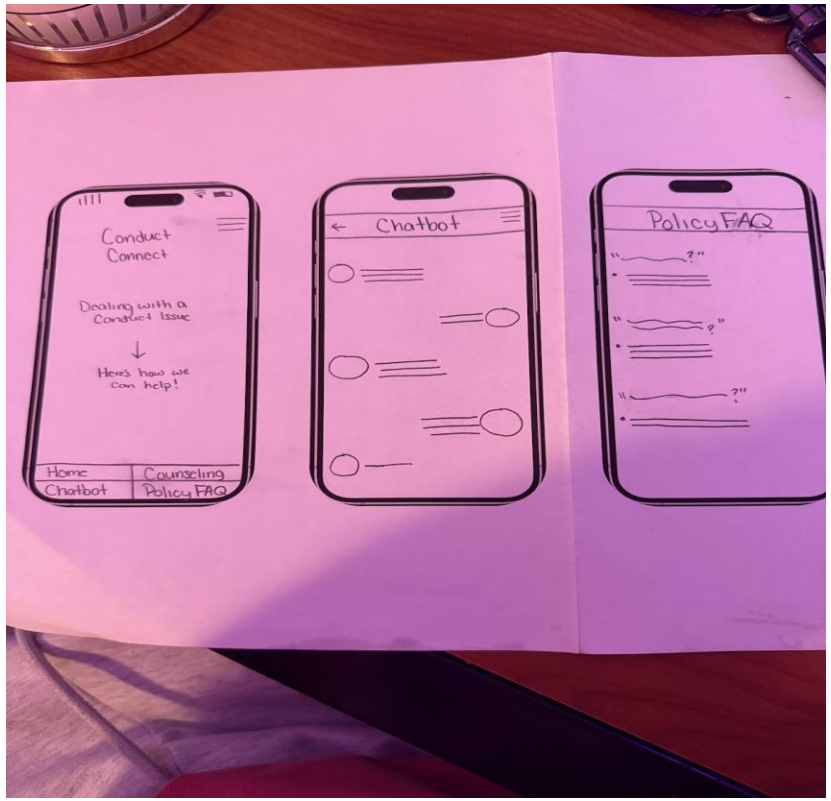
Sketches 2.0 (Da'Sheala)



Changes Made:

- Included a storyboard illustrating the process of creating a post to encourage peers and its positive impact on another student.
- Added directional arrows to highlight key features of the Peer Accountability app.
- Enhanced visibility of the ‘Create’ and ‘Post’ buttons by outlining them for emphasis.
- Incorporated comments to show peer interaction and engagement.

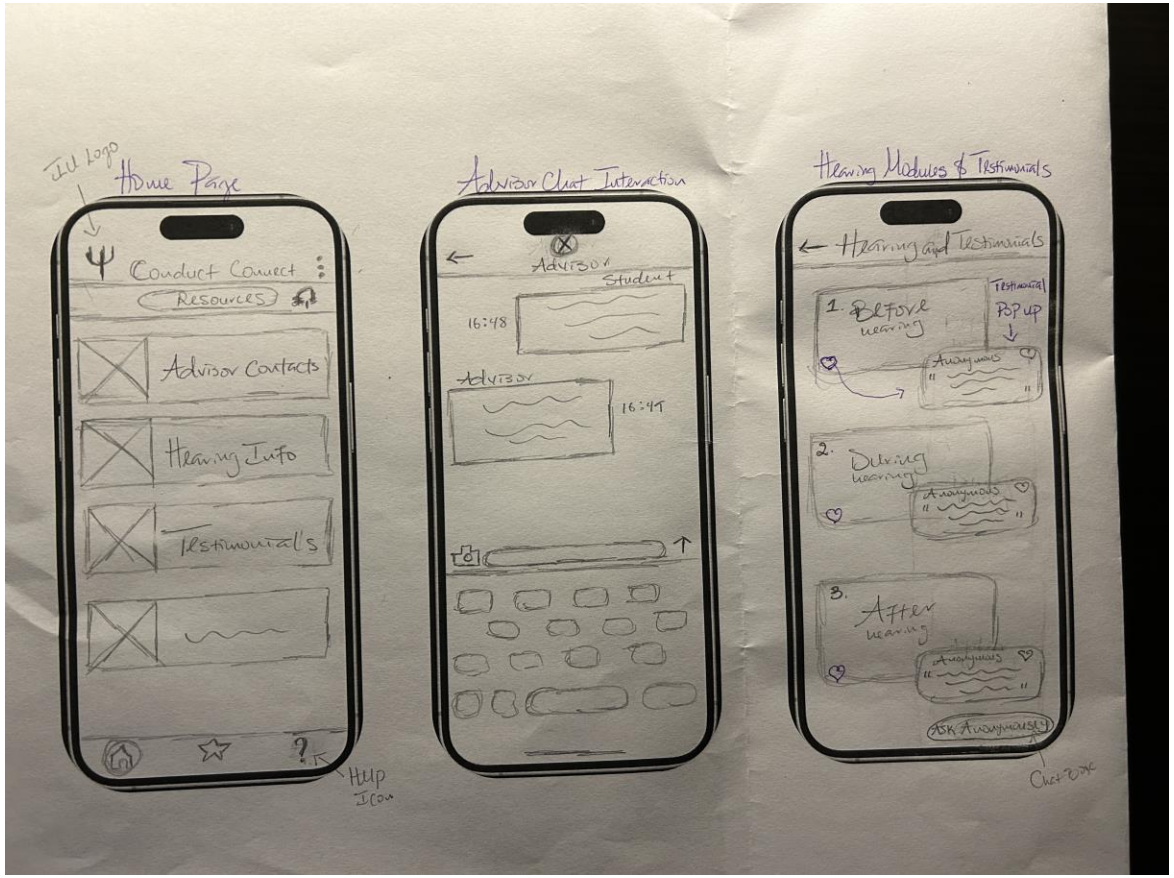
Sketches 2.0 (Peace)



Changes made:

- Added tabs to select other pages.
- Added a back space button
- Gave it bigger font/ bigger screen.

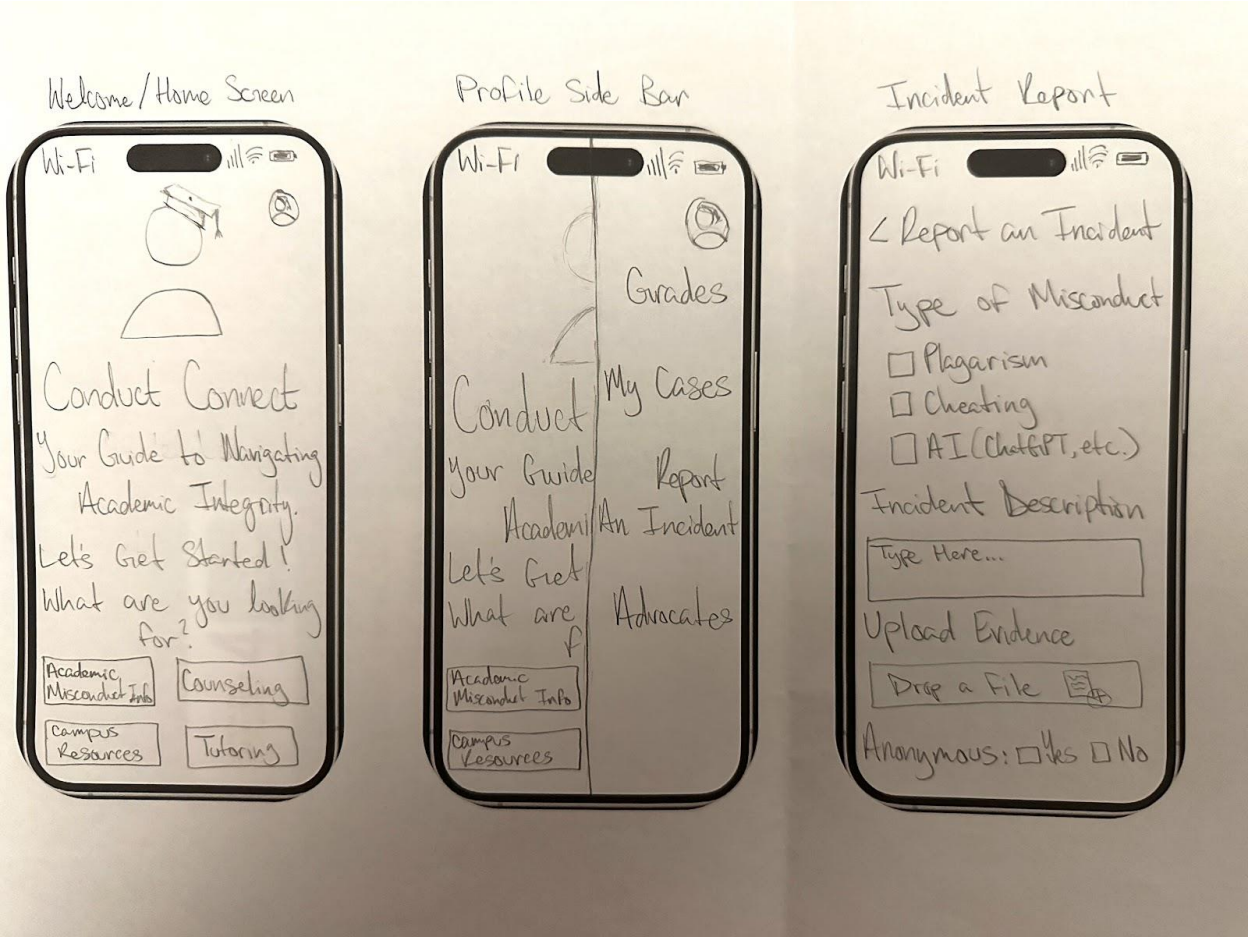
Sketches 2.0 (Lammy)



Changes Made:

- Added the IU logo to show it's for IU students.
- Numbered steps in the hearing module to guide users.
- Included a "Help" icon for tech issues or questions.
- Added an "Ask Anonymously" chat box for private 1-on-1 support.

Sketches 2.0 (MyKayla)



- A home screen with updated button choices for more relevant info
- An updated profile side bar for more personal info
- A page that allows users to report an incident of academic misconduct
